ARTICLE I - DECLARATION OF PURPOSE

The purpose of this Agreement is to insure industrial peace. The parties hereto recognize that without mutual understanding, harmony and cooperation among employees, between employees and Employer, and between Union and Employer, and without uninterrupted operation, it is impossible to conduct Employer's business with the economy and efficiency indispensable to its existence and to the best interest of its employees.

ARTICLE II - UNION RECOGNITION: SCOPE OF AGREEMENT

- A. The Employer recognizes the Union as the sole collective bargaining agency for all employees, at its existing plants located on 3501 Governor Printz Boulevard, Wilmington, Delaware and on 920 South Bolmar Street, West Chester, Pennsylvania, in the classifications covered in Schedule A attached hereto.
- B. This Agreement shall not be construed to extend to nor affect in any way executive or supervisory help or any other classification of employee not expressly covered in Schedule A. The terms "employee" or "employees" as used in this Agreement shall be construed to include only the classifications of employees covered in Schedule A and shall not be construed to include any employees expressly excepted under this Article.

ARTICLE III - UNION SHOP: HIRING OF NEW EMPLOYEES

- A. Except as herein expressly otherwise provided; Employer agrees, as to all classifications of employees specifically covered by this Agreement, to employ none but members in good standing of Union. Union agrees to admit to membership all present employees of Employer specifically covered by this Agreement.
- B. Employer shall have the right to secure new employees from any source. However, Employer will call Union to give it first opportunity to provide such employees. Employer reserves the right to reject any person referred by Union. New employees shall become members of the Union after thirty (30) calendar days of employment or the effective date of this Agreement, whichever is later. If employment is continued after such thirty (30) day period, Union agrees to accept such employees as members.
- C. Anything in the foregoing to the contrary notwithstanding, the first ninety (90) working days shall be considered a trial period, and during such trial period, Employer shall have the unqualified right to dismiss such new employees, the exercise of such right not being subject to arbitration.
- D. Any employee who is expelled or suspended from the Union because of nonpayment of dues shall be subject to dismissal seven (7) days after notification in writing to the Employer by the Business Agent, the President, or the Secretary-Treasurer of the Union; provided, however, where such suspension or expulsion is for nonpayment of dues and payment of such arrearages is made within such seven (7) day period, Employer shall not be required to dismiss such employee. When an employee has been dismissed by the Employer due to his/her suspension or expulsion by the Union, the Employer shall not be required to re-employ or reinstate such employee at any time.

PBG 00271

- E. Where any discharge required by this Article III would result in working a hardship upon the Employer, the Employer shall be permitted a reasonable length of time to secure a new employee before making such discharge.
- F. Supervisors or management will not normally perform bargaining unit work (i.e. - Union-defined jobs) except for work being performed currently, training of employees, and emergency situations.

ARTICLE IV - HOURS OF WORK

- A. The regular workweek for all employees shall consist of five (5) days on an eight (8) hour basis or four (4) days on a ten (10) hour basis, Monday through Friday. The regular workday for hourly-rated employees shall consist of eight (8) hours on a five (5) day basis or ten (10) hours on a four (4) day basis.

The regular workweek for Bulk, Warehouse, and Vending Service employees shall consist of five (5) days on an eight (8) hour basis or four (4) days on a ten (10) hour basis Monday through Sunday with the following restrictions:

1. No more than two (2) Bulk Drivers and Warehouse employees with a Sunday work schedule by the end of 1991. No more than four (4) Bulk Drivers and Warehouse employees with a Sunday work schedule by the end of 1992.
2. No more than two (2) Service Department employees with a Sunday work schedule by the end of 1991. No more than four (4) Service Department employees with a Sunday work schedule by the end of 1992.

The regular workweek for Production employees shall consist of five (5) days on an eight (8) hour basis or four (4) days on a ten (10) hour basis Monday through Saturday. Employees on a four (4) day ten (10) hour schedule will receive three (3) scheduled days off in a week, two (2) of which shall be consecutive days off.

Any employee assigned a Saturday or Sunday workweek will receive a flex schedule premium pay of thirty cents (\$.30) for all hours worked.

The regular workweek for Delivery Merchandisers shall consist of five (5) days on an eight (8) hour basis or four (4) days on a ten (10) hour basis, Monday through Saturday. Delivery Merchandisers on a four (4) day ten (10) hour schedule will receive three (3) scheduled days off in a week, two (2) of which shall be consecutive days off.

- B. Any hourly rated employee who reports to work at his/her scheduled reporting time shall be guaranteed with (8) hours of work or pay unless such employee has been notified by the company not to report to work at least two (2) hours prior to his/her scheduled start time.
- C. Any driver(s) paid a commission who reports to work at his/her scheduled reporting time and is not permitted to take out his/her route for any reason shall be guaranteed one days vacation pay unless such employee has been notified not to report to work at least two (2) hours prior to his/her scheduled start time.

PBG 00272

- D. For purposes of notification as required in Paragraphs B, C, and H of this Article, an employee shall be required to provide a telephone number at which he/she can be contacted for such notification. One (1) attempt to reach an employee at such number will be considered proper notification. Employer will not be held responsible for a message not communicated to the employee by third parties who answer the telephone at the number given by the employee. If the employee fails to provide a telephone number, the Employer shall have no responsibility for notification as required under this Article.
- E. Hourly-rated employees may be required by the Employer to work on the fifth (5th), sixth (6th) or seventh (7th) days and to work longer than their scheduled shifts in any day. No employee will be required to work longer than 12 hours in any one day.
- F. Overtime pay for any hourly-rated employee shall be time and one-half (1 1/2) times his/her regular straight time hourly-rate for work done over their regularly scheduled shift in any work day or over forty (40) hours in any workweek. Overtime pay for any hourly-rated employee who works on the seventh (7th) day in a workweek shall be double (2) his/her regular straight time hourly rate for all hours worked on that day.
- G. Bulk Drivers shall be guaranteed 8 hours of work or pay on any day for which they are scheduled and report to work and did not receive notification not to report to work. Any Bulk Driver completing his/her scheduled deliveries prior to the end of their shift may be assigned to other duties within the Bulk Department, performing Relays or within the Transport Department so long as there are no Transport Drivers available to work due to DOT restrictions, and there are no Transport Drivers on Lay Off status.
- H. Employees other than hourly-rated employees may be required by the Employer to work on the fifth (5th), sixth (6th) or seventh (7th) days.
- I. An employee who is called in to perform work prior to but continuing up to his/her regular scheduled shift shall not have his/her regular scheduled shift suspended to avoid the payment of overtime.
- J. Absent emergency situations, the Employer shall give employees twenty-four (24) hours notice of required overtime work scheduled for the fifth (5th), sixth (6th), or seventh (7th) day in accordance with Paragraph (D) above. The Employer will post an "I agree to work overtime" list on a weekly/daily basis, prior to each shift for the purpose of employees making themselves available for available overtime. The purpose of this list is to determine who is interested in volunteering for available overtime. On a "bottom up" basis, senior qualified employees will be required to work if requested. In the event an insufficient number of employees sign the "overtime" list, the Employer may assign such overtime on a bottom-up basis in accordance with the needs of the Employer. This list applies only to Production/Warehouse employees. The Company will assign all overtime work based on seniority and qualifications.
- K. There shall be no pyramiding of overtime pay. For example, overtime paid on a daily basis shall not be duplicated on a weekly basis nor shall overtime for the fifth (5th), sixth (6th) or seventh (7th) day and holiday work be duplicated on the basis of daily or weekly overtime hours. If the overtime pay requirements are met under more than one section of this Agreement, only that section yielding the higher payment will apply.

PBG 00273

- L. Unscheduled overtime work at the end of a given shift may be required of the employee performing the required work on that shift and need not be offered to qualified employees on the basis of seniority.
- M. The Company may offer, on a volunteer basis only, a three (3) consecutive day / thirty-six (36) hour workweek (3 x 12) schedule. Employees who work such schedule shall be compensated for forty (40) hours times their regular hourly rate of pay.

If a holiday falls on a regularly scheduled work day of an employee on a 3 x 12 schedule, they shall be compensated for 13.3 hours of straight time pay for the holiday. If a holiday falls outside their regular workweek, they shall be compensated for eight (8) hours of straight time pay for the holiday. Employees on an approved personal day shall receive eight (8) hours of straight time pay for the personal holiday.

Employees working a 3 x 12 schedule shall not receive the flex schedule premium (thirty (\$.30) per hour) outlined in Section A of this Article if they work a schedule which includes a Saturday or Sunday.

ARTICLE V - HOLIDAYS

- A. The following named holidays are observed under this Agreement:

New Year's Day	Martin Luther King Day
President's Day	Easter Monday
Memorial Day	Independence Day
Labor Day	Columbus Day
Thanksgiving Day	Christmas Day

When any of these holidays fall on a Sunday and the next day is observed as the holiday, same shall be considered the holiday. Only employees who work both the scheduled full work day before and the scheduled full work day after any of these holidays shall be entitled to the benefits of this.

- B. Each employee who has been employed a minimum of ninety (90) calendar days prior the holiday and who does not work on a named holiday shall nevertheless be compensated as follows:
 - 1. Any hourly-rated employee shall receive eight (8) hours of straight time pay at his/her regular hourly rate. Any hourly-rated employee who works four (4) days at ten (10) hours shall receive straight time pay at his/her regular hourly rate.

If the holiday falls outside the employees' normal workweek, he/she shall be entitled to eight (8) hours regular pay at his/her hourly rate.

PBG 00274

Delivery Merchandiser who came into the Delivery Merchandiser role directly from a Conventional CR position on the transition to Pre-Sell shall receive holiday pay using the same calculation as is used for those Delivery Merchandisers who are paid base and commission.

- C. Each employee who works on a named holiday or in lieu thereof, on the day the named holiday is observed as set forth in A above shall be compensated as follows; provided, however, no employee shall receive holiday pay for working on both the named holiday and the day on which said holiday is observed:
1. Hourly-rated employees shall receive double (2) time for all hours worked on said holiday in addition to their straight time holiday pay.
 2. If the holiday falls on a Saturday, all employees will receive holiday pay as calculated above in lieu of receiving the time off.
- D. When any of the holidays set forth in Paragraph A of this Article falls in the vacation week of an employee, such employee shall receive his/her holiday pay as provided in Paragraph B of this Article.
- E. Any employee placed on layoff in the workweek immediately prior to a holiday will be entitled to holiday pay.
- F. **Personal/Sick Days** - Each employee will be entitled to a maximum of eight (8) sick/personal days in each calendar year earned as set forth below. When possible, sick/personal days must be mutually agreed to by the employee and Employer, so as not to interfere with the operation of any department.

When an employee has requested a personal holiday at least one (1) week in advance, the Employer agrees to notify the employee at least 48 hours prior to the requested personal day as to the status of the request. Failure of the Employer to respond to a personal holiday request within the 48-hour period shall be deemed an approval of the requested personal holiday. In the event an employee requests a personal day after the one (1) week notification period outlined above, the Employer agrees to notify the employee at least 24 hours prior to the requested personal day as to the status of the request.

Any earned personal/sick days not taken by an employee prior to December 15th of each year shall be paid by Employer no later than the last pay period prior to the Christmas holiday.

ARTICLE VI - VACATIONS

- A. Subject to Paragraph F of this Article, every employee who has been continuously in the employ of the Employer for one (1) year or more shall be entitled to two (2) weeks' vacation, consisting of consecutive days, with pay, as scheduled by Employer. Every employee who has been continuously in the employ of the Employer for three (3) years or more shall be entitled to three (3) weeks' vacation with pay as scheduled by Employer. Every employee who has been continuously in the employ of the Employer for eight (8) years or more shall be entitled to four (4) weeks' vacation with pay as scheduled by Employer. Every employee

PBG 00275

who has been continuously in the employ of the Employer for twenty (20) years or more shall be entitled to five (5) weeks' vacation with pay as scheduled by Employer. Subject to this Article, all vacations shall be taken in weekly increments..

- B. The vacation pay for a Pre-Sell Representative, Delivery Merchandiser who are paid base and commission, or Extra Driver whose regular rate of pay includes a commission for each week of vacation to which he/she is entitled shall be his/her average weekly earnings for the preceding year. Average weekly earnings shall be determined by dividing the employee's gross earnings as reported on his/her W-2 Form, minus any bonus monies, for the preceding year by the number of weeks he/she worked during that year.
- C. The vacation pay of an hourly-rated employee for each week of vacation to which he/she is entitled shall be forty (40) hours of straight time pay at the rate being received by the particular employee at the time he/she is given his/her vacation. This also includes Extra Drivers, if their average earnings do not exceed the utility rate.
- D. The length of-the vacation to which an employee shall be entitled shall be computed on the basis of the anniversary date of such employee's employment.
- E. Vacations scheduled by the Employer shall be scheduled on the basis of Company seniority within a department (departments designated in Article XV). Once the vacation period has been selected and the vacation list posted, no changes will be permitted. Employer shall have the right to determine the number of employees who may take vacations within any period. The Employer will be reasonable in allowing as many employees as possible to take vacations as long as it does not hinder operations.
- F. Any employee with more than one (1) year's continuous employment who resigns and gives the one (1) week's notice provided in Article X shall be entitled to vacation pay on a pro-rata basis. Thus, such an employee will be entitled to one-twelfth (1/12th) of his/her normal vacation pay for each full month of employment since his/her last anniversary date.
- G. In the event an employee has selected vacation, and with two weeks notice before commencement of that vacation he requests to cancel that vacation, the company will open that week of vacation to bidding by other employees within that department. The company will then allow two additional bids on subsequent vacation weeks that results from the original cancellation of the first employees vacation (three bids in total).

Vacation cancellation requests with less than two weeks notice may be approved at the discretion of the company. If the company approves a cancellation request with less than two weeks notice, the company will make every effort to open that vacant week forbidding by other members of the department. No subsequent bids will be done in this instance.
- H. Subject to the Company's approval an employee with three (3) or more weeks of vacation may voluntarily sell back vacation time (in full week increments), but not below one week of eligibility. In the event an employee wishes to voluntarily sell back vacation time, he must notify the company of his intent to do so one month in advance of the commencement of such vacation. The Company will honor requests of less than one month on a case by case basis. A process for notification will be established by the Company to handle such

PBG 00276

requests. The Company will continue to handle requests of less than one month on a case by case basis.

A temporary transfer of more than one (1) month may be renewed for an equal and additional period of time, after which time the vacancy filled by such temporary transfer must be filled in accordance with normal procedure or abolished.

ARTICLE IX - FLEXIBLE BENEFITS PLAN

Effective within sixty (60) days after ratification of this Agreement all current employees and newly retired employees who are members of Teamsters Local 830 will no longer participate in any part of the PBG Flexible Benefits Program. Thereafter these groups will receive health coverage through the Teamsters Local 830 Health & Welfare Fund. During the period from the conversion date through August 31, 2004, EMPLOYER agrees to contribute \$151.81 per active employee who elects benefits per week towards the cost of such coverage. Of this amount \$138.83 per active employee who elects benefits per week represents EMPLOYER's current contribution to "flex benefits" and \$12.98 per member who elects benefits per week represents a fixed adjustment at the time of conversion that will remain part of EMPLOYER's total contribution during the term of this agreement. Such contributions shall be the limit of EMPLOYER'S obligation to its employees in providing benefits through the Teamsters Local 830 Health & Welfare Fund.

Effective September 1, 2004, and each September 1st thereafter during the term of this agreement, EMPLOYER agrees to increase the "flex benefits" portion of its weekly contribution to a level equal to the "new" flex benefits contribution it would have made at renewal had employees remained in company's flex benefits program. Notice of this new contribution level will be made by EMPLOYER to the Health & Welfare Fund by July 1st of each year.

Current employees will have a choice of electing from two benefit programs under the Teamsters Local 830 Health & Welfare Fund distinguished by a choice of the medical plan component of the program, or opting out of either benefit program offered under the Teamsters Local 830 Health & Welfare Fund. During the year employees will be required to make weekly contributions as determined by the Health & Welfare Fund such amounts representing the difference between the EMPLOYER's contribution and that required to fund the particular program selected. If an employee chooses not to have either benefit program (opts out), they shall receive from the Company the same "opt out" refund as is provided for under the PBG Flexible Benefit program in any given year. In addition, the Company will provide to the Union the "retirement" portion of their per employee cost in order to allow for those "opt out" employees to have the opportunity to sign up for retiree Health and Welfare coverage under the Union plan.

PBG 00280

Effective September 1, 2004 and each September 1st thereafter during the term of this agreement, employees will be required to pay the difference between the renewal rate and the amount funded by the EMPLOYER as defined above.

Upon execution of this agreement and effective prior to conversion, all employees will be given the opportunity to choose between the two medical plans, or to decline coverage under either benefit program. On or around August 1, 2004, and each August 1st thereafter during the term of this agreement, employees will be given the opportunity to change their medical plan election effective September 1st of such year.

EMPLOYER agrees to work with the Health & Welfare Fund in the collection of employee premiums if the Teamsters offers employees the opportunity to buy additional life and LTD coverage. In such a case, EMPLOYER agrees to forward those premium deductions to the Fund Office and allow the insurer the opportunity to conduct regular enrollment sessions (on the employees time) at the EMPLOYER's place of business.

Retirees and their spouses covered under the Teamsters Local 830 Health and Welfare Fund prior to conversion will continue to receive such coverage until the retiree reaches age 65. There will be no cost sharing for this coverage.

Employees retiring on or after the conversion date will be offered a Teamster provided retiree health care plan with cost sharing determined by the Health & Welfare Fund. Such coverage will apply to retiree and spouse and remain in place for the lifetime of the retiree absent failure by the retiree to pay his portion of the cost or an election by the retiree to withdrawal from such coverage.

EMPLOYER shall be obligated to continue contributions for the benefits defined in this Article XXII until the first (1st) day of the month following the sixth (6th) month of continued absence from work due to illness or injury. In the event an employee does not contribute their portion of the benefit cost during an absence, the Company will work cooperatively with the Union to attempt to recoup those contributions.

In the event the Union decides to convert covered employees back to the PBG Flexible Benefit program, PBG will not incur any liabilities or penalties associated with the movement of covered employees back into its' plan.

In the event PBG discontinues providing its employees benefit coverage, the Union may, by written notice to the Company, reopen the contract for the purpose of negotiating benefit contributions to the Teamsters Local 830 Health and Welfare Fund, and either party may take economic action in support of its' position.

Scholarship Fund

EMPLOYER shall contribute fifty cents (\$.50) per week for each full time employee who has completed his/her probationary period to the Local 830 Scholarship Fund.

PBG 00281

ARTICLE X - MANAGEMENT'S RIGHTS

- ☐ The Employer has the sole and exclusive right to manage the affairs of the business, to determine the products, methods and schedules of production, the type of manufacturing equipment, the locations of production and to direct the working forces of the Employer. Such functions shall include (but are not limited to) the exclusive right to maintain discipline of employees, including the right to make reasonable rules and regulations, to promote, demote or transfer employees for proper cause, to determine the amount of work needed, and to layoff because of lack of work.
- ☐ Promotion shall be made from within, provided the employees available have the qualifications and ability to perform the work. In cases of promotions, seniority shall be considered provided the employee has the prerequisite skills and abilities required. The Employer shall be the sole judge of an employee's qualifications and ability.

ARTICLE XI - DISCHARGES

- ☐ Employer may discharge employees for any reasonable cause. If an employee who has completed his/her probationary period is discharged or permanently laid off, due to economic considerations of the Employer, such as reduction-in-force or abandonment of route, Employer shall give such employee at least one (1) week's notice of its intention to dismiss him or permanently lay him off, or one (1) week's compensation in lieu thereof. In the event an employee desires to leave his/her employment for any reason whatsoever, such employee shall give the Employer at least one (1) week's notice of his/her intention to do so.
- ☐ Any employee who has been discharged by the Employer shall be entitled to a hearing provided that he/she requests the same within forty-eight (48) hours after discharge. - ☐ Any employee who receives disciplinary time off shall receive such time off within one (1) week after the notice of such suspension is given to such employee, except in the case of the suspension of two (2) or more employees in the same department, in which event the disciplinary suspension may be staggered.

PBG 00282

Where Employer requires any employee in a department to wear a uniform, all employees in that department, except probationary employees, shall be supplied with uniforms. For the purpose of this Article, there shall be two (2) departments: (1) Inside Plant employees and (2) Drivers and other outside employees. The Employer shall have the option to determine whether such uniforms shall be purchased outright or rented. The Employer shall purchase or pay the rental charge. Any layoff or reduction-in-force will be accomplished by department by Company-wide seniority. In the event of a layoff or reduction in force the least senior person, with the least amount of accumulated department seniority in the affected department will be laid off. In the event of a layoff of any permanent employee, the employee will be given notice of one (1) week in advance of the layoff. Any employee who is laid off may, within forty-eight (48) hours of such lay-off, bump a junior person in another department provided that the employee possesses the necessary skills and ability. In the event such employee is determined by the Employer not to possess the necessary skill/ability to perform the job, the Company will provide affected employee and his/her Union Representative with an explanation as to why the employee was determined to be unqualified.

If the Company decides to eliminate the Transport Department during the life of this Agreement, the Company agrees to meet with the Union in advance to discuss alternative solutions to potentially avoid eliminating the department.

ARTICLE XVI - RECALL

- ☐ When the Employer's workforce is permanently increased after a layoff, employees on layoff are to return to work according to seniority. Employees will retain recall rights for one (1) year from the date of layoff. In the event of a recall, the laid off employee shall be given notice of the recall by certified letter sent to the address last given to the Employer by the employee. Within ten (10) working days of the mailing of such letter, as indicated on the certified mail receipt, the employee must notify the Employer of his intent to return to work. In the event the employee fails to provide such notice, he shall lose all seniority rights under this Agreement and shall be considered as a voluntary quit.

PBG 00284

- ☐ Selection of vacation by the employee is to be made in the proper order of seniority in the department where he/she is presently employed.

- ☐ Extra Drivers who are assigned to routes during a layoff in the extra man pool shall be entitled to return to the extra man pool when junior extra drivers are recalled.
- ☐ For the purpose of this Article, the departments are Sales, Manufacturing, Service (MEM) and Transport.

ARTICLE XVII - JOB VACANCIES

All job vacancies or new jobs created by the Employer in the bargaining unit will be posted for a period of five (5) work days in the department and throughout areas where employees work. In filling such vacancies, or new jobs, the Employer shall consider the senior interested employee who possesses the necessary skill and ability as determined solely by the Employer.

Posting

Open or new jobs will be posted for five (5) working days in the entire bargaining unit prior to being filled from the outside. The posting will set forth the requirements of the job and the qualifications needed. Temporary or seasonal jobs will not be posted for bidding.

Bidding

Employees wishing to be considered for a job opening must file a written bid form with the employee's immediate supervisor during the five (5) day posting period. Employees on vacation who feel qualified for possible job openings must inform their union steward and supervisor prior to going on vacation if they are to be considered for a bid.

Filling Jobs

Preference in bidding will be given to employees in the Department in which the opening occurs. The job will be awarded based on the employee having pre-requisite qualifications within the Department with further consideration of the employee's seniority. For employees possessing equal skills and ability, the most senior employee shall be awarded the bid. If no employee within the Department qualifies, candidates from other departments who are qualified will be awarded the job based on Company seniority. In the Sales Department only Extra Driver Salesmen will be eligible to select temporary vacancies. A temporary vacancy is defined as any approved absence where a regular full-time employee still retains a right to that bid. All Extra Driver Salesmen will select temporary vacancies by seniority on a weekly basis every Monday except, however, when an Extra Driver Salesmen selects a temporary vacancy he shall remain in that position until the regular full time employee returns or the temporary vacancy is declared permanent and posted for permanent bid.

PBG 00285

Testing

The Company reserves the right to utilize testing and other evaluative measures to determine the relative skills and abilities of employees (i.e. – Service Department, etc.). The testing will be performed in a uniform fashion and the employee's results reviewed with the employee, but in an effort to preserve its confidentiality, no copies will be issued.

Trial Periods

During a trial period, the successful bidder in a classification may be reasonably disqualified from that job if he fails to perform it in a satisfactory manner. If an employee is disqualified, he will return to his previous job/shift. The trial period for an employee new to a classification will be a period up to four (4) weeks on the job in which to demonstrate his/her ability to permanently hold the position.

Re-Bidding

A successful bidder who qualifies for an open position may not bid for any other position for one hundred and eighty (180) calendar days after he is placed in the job for which he bid. If a successful bidder is disqualified from a position after being awarded a bid, he may not bid for any position within the same job classification for one hundred and eighty (180) calendar days after he was placed in the job for which he bid. This person could, however, bid into any other job classification.

The Company reserves the right to allow an employee to bid for a position requiring a CDL license when he does not possess a CDL license at the time of the bid. In such a case, if that employee is subsequently disqualified from the job because he fails to obtain his CDL, the Company will only award a bid to that person for CDL required positions after he receives his CDL license. Once the employee obtains his CDL, he may rebid for any CDL required position (other than the specific job for which he was disqualified) within the 180 days outlined above. Commissioned Drivers may have only two (2) successful bids in one (1) year, and may bid for those two opportunities without being restricted to the above 180 day time period outlined above.

ARTICLE XVIII - DISCRIMINATION AND UNION ACTIVITY

The Employer in so recognizing such limitations shall have the authority to impose proper discipline, including discharge, in the event the Shop Steward has taken unauthorized strike action, slowdown, or work stoppage in violation of this Agreement.

The Employer agrees a Shop Steward, who is qualified to perform the work, is to have superseniority for layoff and rehiring. The Union shall be privileged to appoint alternate Shop Stewards to act in the absence of a Shop Steward, but such alternate Shop Steward shall not have superseniority.

PBG 00289

Provided there is no abuse of this privilege, the Employer will keep a Shop Steward on the clock while he/she is processing a grievance during his/her normal shift hours. A Steward will not remain on the clock while processing grievances after the end of his/her normal shift.

Those individuals awarded the training bid will be given basic training as a group and then provided with on-the-job training as soon as possible based on seniority. Those who successfully complete the training program will become Qualified Trainees in the job classification. When a job opening occurs in that job classification, those who are Qualified Trainees in that classification will fill the opening based on their seniority.

The Company will set in place a procedure by which any employee who wishes will be afforded the opportunity to train and receive a CDL license. This procedure will be in place no later than September 1, 1995, and the Union agrees to cooperate with the Company to accomplish this within contractual limits. The Company will provide a vehicle for training and an Instructor. The employee will not be paid for the time spent training or the cost of the CDL license.

The manufacture, use, sale, purchase, transfer or possession of any alcoholic beverage or illegal drugs during working hours, including breaks or lunch time whether on or away from Company property, at any time during the course of a working day is cause for disciplinary action up to and including discharge.

Any employee who is convicted of the manufacture or sale of a controlled substance while off duty, may be subject to disciplinary action up to and including discharge.

PBG 00290

An employee must report his conviction for a drug violation occurring in the workplace to the Company within five (5) days of their conviction and the failure to do so may result in disciplinary action up to and including discharge.

Reporting for work while under the influence of alcohol, illegal drugs, or excessive amounts of prescribed drugs which impair performance subjects an employee to immediate discharge.

Employer may require that an employee be tested for the presence of drugs or alcohol only under the following circumstances: (1) When the Employer reasonably suspects that the employee is impaired or under the influence of alcohol or drugs. Provided that prior to an employee being required to submit to testing, the Employer will, if feasible under the circumstances, afford a Steward the opportunity to observe the employee. (2) When the employee is participating in a treatment program of which regular testing is a part.

In the case of Drivers, testing will be required in accordance with any Department of Transportation legislation or other legislative requirement.

An employee is obligated to cooperate in any such medical examination or test including the execution of any forms required by any medical facility or laboratory which is involved, and the execution of an appropriate consent form and authorization of the examination and test results to be released to the Employer. If the employee fails in any way to fulfill such obligation or otherwise to cooperate in any medical examination or test hereunder, he/she shall be subject to immediate discharge for such failure. Any Driver found to have an alcohol concentration of 0.02 or greater but less than 0.04 shall not perform, nor be permitted to perform, any safety-sensitive functions for at least 24 hours, including driving a commercial motor vehicle. Any Driver found to have an alcohol concentration of 0.02 or greater but less than 0.04 will be subject to regular drug and/or alcohol testing for a period of twelve (12) months, similar to those employees participating in a drug and/or alcohol treatment program.

The Employer may conduct unannounced searches for illegal drugs or alcohol on Employer's property. Such searches are to be confined to Company property, but under no circumstances may the search include the employee's body or uniform being worn or the employee's personal motor vehicle.

As a condition of employment, all applicants must undergo a blood or urine test for controlled substances. No applicant who tests positive and who has no alternate acceptable medical explanation will be hired.

Any employee tested hereunder shall be given the opportunity to have the blood or urine sample tested simultaneously by an independent certified laboratory. If the test by the independent laboratory is positive, the cost for it will be paid by the employee. If the result is negative, the cost will be paid by the Employer.

This Policy will be strictly enforced. If any employee is having an alcohol or drug-related problem and desires professional help, please contact your supervisor, the PBG Employee Relations Office, or Teamsters Local 830 – we will do all we can to help you.

Any employee hired on or before December 31, 2003 testing positive as a result of a government regulation or legislation shall be given the opportunity to submit to a certified

PBG 00291

rehabilitation program in lieu of discipline, unless it is determined that such employee performed work while under the influence of drugs or alcohol. This, however, shall only apply to the first failure of a test. Any employee hired on or after January 1, 2004 testing positive as a result of a government regulation or legislation shall have their employment terminated without the opportunity to attend a certified rehabilitation program.

ARTICLE XXXI - SEASONAL EMPLOYEES

Provided there are no employees laid off in a department, the Employer may hire seasonal employees in that department during the period of April 1, through September 10. Seasonal employees shall not receive benefits nor shall they accrue seniority, however they must become members of the bargaining unit. Pay for seasonal employees shall be 70% of the rate, (or base pay and commission) for the classification in which they work. This article shall not preclude the company from using casual employees to perform work that has not been exclusively performed by members of the bargaining unit or to cover manpower shortages (e.g. Any Injury, Government Mandated Absences, Approved absence for family emergency, etc.) It is not the intent of the Company to eliminate or restrict available overtime therefore the Company will attempt to exhaust all other reasonable means of covering these manpower shortages with bargaining unit employees before resorting to outside sources. The Company also agrees to limit the total number of casual employees used outside of the seasonal periods to no more than 5% of the total workforce.

APPENDIX E. AOM Pre-sell System

On or around April 1, 2004, the Company will transition to an AOM (All Other Market) Pre-Sell selling and delivery system. The conversion to the Pre-Sell system will involve classifying selling agents as either Pre-Sell Representatives (PSRs) and/or Account Managers selling in products and programs to customers on a pre-sell or Tel-sell basis. The sale and/or ordering of product in the Pre-Sell system shall be performed by individuals covered by this Agreement (PSRs), as well as those not covered by this Agreement (Account Managers). Seventy-five percent (75%) of the selling jobs in the Pre-Sell system shall be designated as Pre-Sell Representatives, and twenty-five percent (25%) of the selling jobs shall be designated as Account Managers. The following chart will determine the number of Account Managers:

If Total # of Sales Personnel is:	# of Account Managers is:
18 – 21	5
22 – 25	6
26 – 29	7

As part of the transition to pre-sell, the Company will bid all sales delivery positions prior to April 1, 2004, coincident with the change to the pre-sell system.

Account Managers and PSR's will be responsible for selling in products and programs to customers on a Pre-sell or Tel-sell basis, for product delivery by bargaining unit employees. Account Managers and PSR's shall be involved in merchandising activity, placing point of purchase materials, selling in resets, and other activity designed to increase in-store sales. Account Managers will also manage in-store execution and performance by bargaining unit employees; Account Managers performing merchandising activity or other Pre-Sell bargaining unit work will not be considered a violation of the Collective Bargaining Agreement. Account Managers shall not be part of the bargaining unit and shall not be covered by any provisions of this Agreement.

The Company shall have the unilateral right to:

- ☐ Select all Pre-Sell Representatives (regardless of seniority)
- ☐ Remove any PSR from position who is not meeting the standards for such position that are set forth by the Company
- ☐ Determine, add, change, or eliminate routes and/or work schedules
- ☐ Assign employees to selling routes
- ☐ Cover routes with non-union personnel and managers as the business requires

The Company will provide the opportunity for all current sales employees to interview for the Pre-sell Representative positions.

Route Cuts for PSR's: The Company reserves the right to unilaterally cut any account from any route and reassign it to any other route or delivery system covered by this Agreement.

PBG 00299

The Company may also add any account to any route. In the event that a PSR route is cut more than 10% in volume (based on prior year's volume) he shall be eligible for the following route cut protection:

The average weekly earnings from base pay and/or commission for the thirteen (13) weeks following the route cut shall be no less than the average weekly earnings from base pay and/or commission for the thirteen (13) weeks immediately preceding the route cut. Any payments due the PSR or AR shall be made at the end of the thirteen (13) week protection period.

No route cut protection payment shall be made to any employee as a result of route changes from a total facility reroute / rebid, nor upon the request of the PSR or AR to have an account removed from his route, nor if the Company has been instructed by a customer to not have the PSR service its account.

In the event that one or more routes are realigned such that an account is added to a route simultaneously with an account being deleted from that route, the route cut shall be based on the *net effect* of such addition and deletion.

Nothing in this section shall be construed as a limitation on the Company's ability to determine the size and/or frequency of route cuts.

Movement into the PSR Classification:

PSR's shall be part of a seniority list made up of only PSR's.

PSR's who came from a bargaining unit position prior to going into the PSR role shall maintain their departmental seniority from their prior department for twelve (12) months. In the event that a Pre-Sell Representative self-selects out of, or is released from his PSR position by the Company due to work performance within the first twelve (12) months of his assignment to such position, he shall have the right to exercise his departmental seniority from his previous position to bid on any open position within his previous department. If no such position is available, the employee may use his departmental seniority from his previous position to bump the most junior person in the department he was in prior to becoming a PSR, assuming he is qualified to perform that role, or he may use his company seniority to bid into any open position for which he is qualified. The junior-most person shall then be laid off, unless there is an open position for which he possesses the necessary qualifications.

A PSR may bid on any open position for which he is qualified after twelve (12) months in the PSR role utilizing his company seniority and qualifications.

In all cases where "former classification" is referenced, if his prior position was Customer Representative, Fountain Driver, or Extramen, the Delivery Merchandiser classification will be considered the equivalent position.

Delivery Merchandiser: The Company will establish a new job classification called "Delivery Merchandiser", and will eliminate the Dispatchable Bay Driver and Customer Representative job classifications effective on the move to AOM Pre-sell. This new position will be included on the "sales delivery" seniority list. Primary responsibility for the delivery of products will be done by Delivery Merchandiser's (except for emergencies and unforeseen circumstances when no union

PBG 00300

employee is available to deliver the product). In most cases this will be the Delivery Merchandiser who operates primarily with pre-sell customers. Delivery Merchandisers will also be responsible for merchandising products and other activities designed to increase in-store sales, similar to the merchandising responsibilities of CR's under the Conventional system. This includes such work as rotating product, stocking shelves and coolers, placement of P.O.P., etc. Delivery Merchandisers shall not be required to load or unload their trucks in the facility to prepare for their day's delivery.

All employees who are Customer Representatives or Dispatchable Bay Drivers for one or more years as of January 1, 2004, and who remain Customer Representatives until the implementation of Pre-Sell, and who become Delivery Merchandisers upon implementation, shall, at the time of implementation only, have the option of being paid the Delivery Merchandiser hourly rate of pay or base plus commission as outlined in this Article. Any other employee working in another classification, or any Customer Representative or Dispatchable Bay Driver who does not meet the above criteria who bids into the Delivery Merchandiser position, and all new hires who become a Delivery Merchandiser shall be paid base plus commission as outlined in this Article. Any hourly paid Delivery Merchandiser may at any time choose to move to the base plus commission pay structure. If an hourly paid Delivery Merchandiser elects to move from hourly pay to base plus commission, they will not have an option to return to hourly pay as a Delivery Merchandiser.

Delivery Merchandisers who are compensated by receiving a base pay and commission shall be eligible for overtime after forty (40) hours of work per week. Such overtime shall be paid using the Variable Rate Overtime (VROT) pay methodology as described in negotiations. Hourly paid Delivery Merchandisers shall be paid overtime as defined in Article IV of this Agreement

Vacation, personal, sick, and holiday pay for Delivery Merchandisers (who are paid base and commission) and PSR's shall be calculated utilizing the current provisions of this Agreement that cover commission employees. Any employee who becomes an hourly paid Delivery Merchandiser under the pre-sell system, and who came into the Delivery Merchandiser role directly from a Conventional CR position on the transition to Pre-Sell, shall also receive vacation, personal, sick, and holiday pay utilizing the current provisions of this Agreement that cover commission employees.

The following pay provisions shall be in effect for Delivery Merchandisers under the base / commission / VROT pay program:

1. If an employee completes his normal workweek as a Delivery Merchandiser, and then works a fifth (for 4 x 10 employees), sixth or seventh day in another hourly paid job classification, he shall be paid base / commission and VROT for all hours worked as a Delivery Merchandiser that week, plus his hourly rate of pay at the applicable overtime rate for all hours worked in the hourly job classification.
2. If an employee does not complete a full workweek as a Delivery Merchandiser, but instead works some days as a Delivery Merchandiser, and some days in an hourly rated position, he shall be paid the higher of (1) his hourly rate of pay for all hours worked in the workweek, or (2) the amount of pay calculated using VROT based on all earnings (base + commission + hourly pay) and all hours worked during the workweek in both classifications.

PBG 00301

3. In the event an employee works seven consecutive days as a Delivery Merchandiser, the Company will calculate the employees pay using the VROT pay system, and will add two times (2x) the number of hours worked on the seventh day of work into the weekly pay calculation.

In all cases, there shall be no pyramiding of overtime in calculating an employees compensation.

The Company will have the final authority to set accounts in order to best meet customer demands and operate the business in the most efficient manner possible. The Company will distribute the work by considering such things as geographic proximity of accounts, customer demands, and business needs. The Company will create geographic "zones" to focus customer accounts in order to provide for efficient delivery and customer continuity.

Under the AOM Pre-sell Delivery system, Delivery Merchandisers will be dispatched by the Company on a daily basis. Delivery Merchandisers shall deliver both bottle/can and fountain products and shall be assigned delivery of all products by the Company. There shall be no right to bid on delivery schedules, except as provided for in this section.

Upon implementation of Pre-sell, the Company agrees to allow Delivery Merchandisers to utilize their seniority to express a preference for work assignments within Company designated zones and delivery schedule starting times. The Company will honor such preferences only to the extent that is reasonable on any given day. After the initial implementation of Pre-sell, employees shall be able to select a new zone upon the opening of a Delivery Merchandiser position, which they may bid on utilizing their departmental seniority and qualifications.

On a daily basis Delivery Merchandisers shall have the opportunity to bid on available delivery schedules within their zone and their start time. Such bidding must be completed within five (5) minutes after the start time of their shift, or the Company shall have the right to assign employees to their delivery schedule for the day. If not enough work is available to accommodate all Delivery Merchandisers who have bid into a zone, the remaining Delivery Merchandiser(s) shall bid on, or be assigned available delivery schedules in other zones prior to those delivery schedules being offered to the Utility Pool. If there are no other delivery schedules available in other Zones, extra Delivery Merchandisers will drop to the Utility Pool for the day.

"Hot Shot" reloads will be provided on a "First in/First out" basis. If more than one qualified employee is in the facility and immediately available to do the work, the "hot shot" reload will be offered by seniority from among those available employees. If no one volunteers for the "hot shot" reload, the junior qualified employee will make the run.

Start times for the Delivery Merchandisers will be at various designated times between 5:00 a.m. and 8:00 a.m. These times may change based on customer and business needs. If the Company requires start time to change, the Company and the Union will discuss whether a rebid is necessary. The Company agrees to consider alternative start times at an employee's request.

PBG 00302

When there is overtime for Delivery Merchandisers on scheduled days off, the Company will institute a "Volunteer List." Overtime will be offered by seniority within the department and classification to qualified employees on the volunteer list. If no employee volunteers, the Company will assign the junior qualified employee within the department and classification, to include Utility Drivers.

The Company will manage all work hours in accordance with the Department of Transportation regulations. It is the Company's and the employee's obligation to coordinate their DOT hours in relation to additional work available.

Transition Assistance to Pre-sell

The Company agrees to provide the following transition assistance to current CRs who, at the time of transition to pre-sell, have been CR's for a minimum of twelve (12) months, and during the transition to Pre-sell become Delivery Merchandisers, and remain Delivery Merchandisers under the new system for at least six (6) months . If an employee transfers out of the Delivery Merchandiser position prior to completing six (6) months, he/she will not be eligible for transition assistance.

Transition assistance will be paid at 75% of the difference in pay (as defined below) from the pre-sell implementation date {approximately April 1, 2004} to October 1, 2004 assuming satisfactory performance, compared to earnings as a CR in the same time period in the previous year. Payment will be made as soon as reasonably possible after the six (6) month period. Such payment will be considered wages, and therefore all applicable taxes will be deducted from the payment. This pay protection excludes Sharepower earnings, any unpaid time off, workers compensation, and any earnings generated from work done in any other job classification outside the CR and Delivery Merchandiser classifications. Absences of more than one week, and comparisons which include any of the above exclusions will be pro-rated for the time they actually worked.

Example: Employee earned \$20,000 from April 1, 2004 to October 1, 2004. During the same timeframe in 2003 (April 1, 2003 to October 1, 2003), the employee made \$22,000. The company would provide transition assistance of \$1,500 less applicable taxes.
